

Human Donor Milk Outpatient Coverage

Louisiana Department of Health released Informational Bulletin 22-35 stating that effective January 1, 2023, human donor milk will be covered as an outpatient service for use by medically vulnerable infants.

This service will be covered under Durable Medical Equipment and the policy will be updated and added to the provider manual once finalized.

Additional information may be found at the following link: [Informational Bulletin 22-35](#)
