

Prior Authorization Requirements for UnitedHealthcare Mid-Atlantic Health Plans

Effective Jan. 1, 2025

General Information

This list contains prior authorization requirements for participating UnitedHealthcare Mid-Atlantic Health Plans health care professionals providing inpatient and outpatient services. Please submit your requests in 1 of the following ways:

- **Online:** Use the Prior Authorization and Notification tool on the UnitedHealthcare Provider Portal. To get started, go to UHCprovider.com and click Sign In at the top-right corner to log in using your One Healthcare ID and password. Then, select the Prior Authorization and Notification tab on your dashboard. If you don't have a One Healthcare ID, visit UHCprovider.com/access.
- **Chat:** Connect with us through chat 24/7 using our [Contact us](#) page

Prior authorization is not required for emergency or urgent care. Out-of-network physicians, facilities and other health care professionals must request prior authorization for all procedures and services.

Prior authorization is required for elective services. It's the physician's responsibility to obtain relevant prior authorization. However, the facility must verify that coverage approval is on file before performing a service. Payment may be denied for services rendered without prior authorization. All final decisions concerning coverage and payment are based on the plan, member eligibility, the member's benefits, the health care professional's contract and applicable state law.
