

Prior Authorization Requirements for UnitedHealthcare Mid-Atlantic Health Plans

Effective November 1, 2022

General Information

This list contains prior authorization review requirements for care providers who participate with UnitedHealthcare Mid-Atlantic Health Plans for inpatient and outpatient services, as referenced in the Mid-Atlantic Regional Supplement in the [2022 UnitedHealthcare Care Provider Administrative Guide](#). Updates to the list are announced routinely in the UnitedHealthcare [Network News](#).

To request prior authorization, please submit your request online, or by phone:

- **Online:** Use the Prior Authorization and Notification tool on UnitedHealthcare Provider Portal. Go to **UHCprovider.com** and click on the UnitedHealthcare Provider Portal button in the top right corner. Then, select the Prior Authorization and Notification tile on your Provider Portal dashboard.
- **Phone: 877-842-3210**

Prior authorization is not required for emergency or urgent care. Out-of-network physicians, facilities and other health care providers must request prior authorization for all procedures and services, excluding emergent or urgent care.

Prior authorization is required for elective services. It's the physician's responsibility to obtain relevant prior authorization. However, the facility must verify that coverage approval is on file before performing a service. Payment may be denied for services rendered without prior authorization. All final decisions concerning coverage and payment are based upon plan member eligibility, the member's benefits, the care provider's contract and applicable state law.
